# 2005 Highlights

## Blunt Names Finke to Top Post at Department of Insurance

Governor Matt Blunt named insurance executive Dale Finke as director of the Missouri Department of Insurance. Finke, 65, of Lake St. Louis, brings with him extensive knowledge of the insurance industry, having served in various capacities of the business for almost 40 years. He served as Chairman and Chief Executive Officer of Corporate Insurance Management, Inc., and finished his duties in that capacity before beginning full-time with the Department of Insurance.

Blunt also named Doug Ommen as Deputy Director and General Counsel of the Department of Insurance. Ommen, 46, most recently served as Commissioner of the Missouri Securities Division, having been appointed to the position after Blunt's 2000 election as Missouri Secretary of State. Ommen previously worked in the Missouri Attorney General's office as Chief Counsel of the Consumer Protection Division. Ommen served as Acting Department Director until Finke's appointment was confirmed by the Missouri Senate.

## HMO Enrollment in Missouri Continued Sharp Decline

Health Maintenance Organization (HMO) enrollment experienced another sharp decline in Missouri in 2004. That is among the findings of the Missouri Department of Insurance's HMO Annual Report for 2005. The report, issued by the department each year, details HMO plan enrollment as an industry, as well as by specific plan. Financial information for each HMO operating in Missouri is also included in the report.

This year's report shows that total HMO enrollment dropped over 10 percent from 2003's enrollment figures to almost 1.2 million members. These members fall into one of three categories: commercial, Medicare, or Medicaid. Of those three categories, only Medicaid membership experienced growth, while commercial membership fell by almost 18 percent.

This year's report states that revenue for HMOs actually increased almost 2 percent over 2003 to just over \$3.6 billion. Medicaid revenue rose almost 10 percent while commercial revenue decreased almost 3 percent to over \$1.9 billion. *United Healthcare of the Midwest, Inc.* held its position as leader in market share in Missouri with over 18 percent and \$662 million in total premiums written in this state. *Group Health Plan, Inc.* and *Mercy Health Plan of Missouri, Inc. dba Premier Health Plans* were second and third, respectively, in terms of total market share in Missouri. Each recorded approximately 15 percent of total written premiums.

Among the nine geographic regions Missouri HMO enrollment is divided, five experienced a drop in total enrollment. The Eastern region, which includes the city of St. Louis, dropped almost 64,000 members from its figures while the Western region, which includes Kansas City, actually had a slight increase. Calendar year 2004 marks the first year this decade that Medicaid enrollment figures were greater than HMO enrollment figures for the state as a whole.

New additions to this year's report include Utilization Review and Grievance Activities, and 2004 HMO Network Access evaluation. The Utilization Review and Grievances Activities charts the number of grievances filed with the insurer

and the progression of those grievances. The HMO Network Access evaluation scores insurers based upon enrollees access to healthcare providers and how far they must travel to receive care from those providers.

Those wishing to view the 2004 HMO Annual Report in its entirety may do so by visiting the Missouri Department of Insurance's Web site at <http://www.insurance.mo.gov> and following the "HMO Annual Report" link.

## **Medical malpractice insurers record positive underwriting results for first time in five years**

*Underreporting of claims data still seen as problem in compilation of report*

Medical malpractice insurers recorded a positive underwriting result in 2004 for the first time in five years. That is among the highlights of the 2004 Missouri Medical Malpractice Insurance Report which was published by the Department of Insurance. It is important to note, though, that non-reporting and underreporting of claims data continue to be a very significant problem. Though the actual number is unknown, the department estimates that between 15 and 20 percent of all medical malpractice claims go unreported.

While all malpractice providers are required by statute to report claims data, the department has limited regulatory control over surplus lines insurers and entities that self-insure. About 75 percent of surplus lines insurers and risk retention groups filed no claims with the department, but other filings reported total losses of \$12.5 million. Additionally, the incidence of non-reporting among self-insured entities is believed to be even higher.

The report also states that the average award per claim increased sharply for the third consecutive year. The average award in 2004 amounted to \$252,666. This is compared to \$166,623 in 2001, \$207,627 in 2002, and \$212,006 in 2003. Average payments for physicians and surgeons alone

reached \$287,733 in 2004. Governor Blunt supported HB393, which was passed by the Missouri Legislature in 2005, as a measure that he believes will stabilize the sharp increases in litigation awards.

Payments for hospitals seemed to be the exception to this upward trend, declining to an average payment of \$177,740. This is down from \$195,034 in 2003. The total paid claims by physicians and surgeons, excluding practitioners such as dentists, nurses, and clinics and hospitals, increased from \$53.9 million in 2003 to \$81.1 million in 2004.

The most reported medical errors leading to a malpractice award are those associated with surgery and diagnosis. Errors are grouped into ten broad categories. In 2004, the top five reported errors were: Surgery (26.5% of paid claims), Diagnosis (24.4%), Treatment (23.0%), Medication (8.9%), and Monitoring (7.3%). The single most common error reported was "failure to diagnose." This means a medical provider reportedly concluded that a patient had no disease or condition where observation or follow-up was necessary.

Those interested in viewing the report in its entirety may do so by visiting the Missouri Department of Insurance's Web site at <http://www.insurance.mo.gov> and following the "Reports" link.

## **Missouri Department of Insurance Files Rules to Enhance Consumer Protection in the Sale of Variable Annuities**

The Missouri Department of Insurance filed rules that would add significant consumer protections in the sale of variable annuities in Missouri. The sale of variable annuities has been under scrutiny by regulators for several years as sales have skyrocketed. Total variable annuity sales in Missouri rose from 1993 to 2004 by 1,443%, with consumers paying almost \$1.7 billion in premiums in 2004. These products generally have high

commissions for the salesperson and have been sold to some consumers even when not right for the specific investment and insurance needs of the particular consumer. Currently, there is no state requirement for a salesperson to make sure the financial product is suitable for the consumer.

These new rules, which are modeled after National Association of Securities Dealers standards, will require such a determination of suitability in those sales and allow the Department to discipline producers who fail to comply with these standards.

The Department filed these rules after hosting a public forum on variable annuities on June 21 at the request of Governor Matt Blunt.

"The forum was tremendously successful and the Department received many valuable suggestions," Insurance Director Dale Finke said. It is important to note that consumer representatives and the Missouri Association of Insurance Agents are supporting our efforts to require all insurance professionals to place the interest of the consumer first in the sale of variable annuities."

But Director Finke advises consumers that these rules do not address the sale of equity-indexed annuities, another type of insurance product with many of the same investment features as a variable annuity. Consumers in Missouri paid over \$267 million in premiums in equity-indexed annuities for individual policies in 2004. This was up from \$147 million just one year earlier and represented an 81% increase during the same period. Equity-indexed annuities offer a guaranteed minimum return that is tied to the performance of a securities index such as the Standard and Poor's 500 (S&P 500). Most investment products, including variable annuities, are required to be registered with the Securities and Exchange Commission and only sold by licensed investment professionals, but equity-indexed annuities are not securities, so neither the SEC, nor the National Association of Securities Dealers regulate them.

## Healthcare Coverage for Small Employer Manufacturing Association in Southwest Missouri Made More Available

In July, the Missouri Department of Insurance granted tentative approval to a major insurer which will make health care coverage for small employers more available in Missouri. The approval will allow Mercy Health System to market health insurance plans in the southwest Missouri area to members of the Southwest Area Manufacturers Association (SAMA). SAMA has approximately forty-three manufacturers in their membership with twenty-five or fewer employees. Mercy Health System has offered this type of association in Missouri since 1997 by forming similar plans for school districts in southwest Missouri. Traditionally, this type of coverage for small employers has been difficult to obtain as insurers tend to charge small employers higher premiums because they have fewer members.

Under the decision, the Department will suspend a requirement in the statute that deals with premium restrictions. The Department will suspend this restriction for a period of two years at which time it will evaluate its effectiveness.

## Nearly \$2 Million Recovered in Medicaid Reimbursements

The Missouri Department of Social Services (DSS) and the Missouri Department of Insurance (MDI) worked together on a collaborative effort that was successful in resolving claims issues to recover an estimated \$2 million in reimbursements for pharmaceutical payments to the Medicaid program.

The DSS Division of Medical Services (DMS) and the Department of Insurance worked together with Blue Cross/Blue Shield of Missouri and its Pharmacy Benefit Manager, Wellpoint, to recover the payments.

"We were facing challenges making the process work, so we contacted our sister agency, the Department of Insurance. Working together with Blue Cross/Blue Shield, we were able to resolve the issues," said Dr. Mike Ditmore, DMS Director.

On May 18, 2005, the first check, in the amount of \$1.5 million, was deposited into the Medicaid program's account. As the remainder of claims is examined, the balance of the total will be forwarded to the program.

"Dale Finke didn't hesitate; he and his team were instrumental in facilitating communication," Gary Sherman, Department of Social Services Director, said.

Finke, Department of Insurance Director, said, "It was a pleasure to work with Social Services on this issue. State agencies should work together to achieve common goals and missions. I really give the credit to Department employees for making this happen."

The Medicaid program electronically bills other insurance carriers for pharmacy payments made on behalf of Medicaid recipients, which should be paid under coverage by those insurance companies. Collecting the payments due the Medicaid program for these goods and services can get stalled in a sea of paperwork.

"These agencies were on top of the situation and worked with our partners in the private sector to recover a significant amount of money owed to our state," Gov. Matt Blunt said. "I am very pleased with the results."

## **Insurance Advisory Panel Named by Missouri Department of Insurance**

In August, the Missouri Department of Insurance Director Dale Finke announced the formation of the 2005 Insurance Advisory Panel and the members that will serve on the panel. The panel, which is made up of twenty-one members, attends

meetings in Jefferson City to discuss topics relating to the insurance industry and how consumers can be better served by the insurance industry. The panel is chaired by Patrick Connell, Connell Insurance, of Branson.

Governor Matt Blunt created the advisory panel by executive order on July 21, 2005.

"This panel will serve Missouri consumers by developing ideas by which they may be more effectively served by the insurance industry," Director Finke said. "The department is very appreciative of the time and service the panel members are prepared to provide to consumers over the upcoming years."

Members of the panel include business leaders, consumer advocates, legal counsel, insurance producers, clergy members, and education professionals. This provides a good mix of viewpoints and several years of experience into how consumers may be better served by the protection insurance provides.

## **Insurance Consumers Choose Privacy**

Consumers who file complaints with the Missouri Department of Insurance regarding their insurance company are choosing to keep their personal information confidential. This is according to the department's statistics tabulated during the first month after implementation of House Bill 388. Passed during the 2005 legislative session, this legislation protects complaint files submitted to the Department of Insurance from public disclosure. This protects consumers from having personal information about their health care released outside the department without their knowledge.

Governor Blunt, in signing HB 388, issued an executive order requiring the Department to modify the consumer complaint form to include a provision in which consumers can authorize the public release of their file. The department issued emergency regulations to govern this authorization and the new process, which guarantees consumer choice, has been

implemented by the department. Prior to this change, personal information provided to the department as part of a consumer complaint was subject to release under Missouri's open-records law.

Of the 377 complaints filed with the department during the month of September, 334 consumers chose to not authorize the release of any information. This represents almost 90 percent of all complaints filed with the office. Only twenty-one consumers authorized the department to release their medical records if those records were included as part of the complaint.

"This important legislation allows consumers to feel comfortable in submitting complaints to the department, knowing that their personal information will not be released," Missouri Department of Insurance director Dale Finke said.

Insurance consumers may file complaints on the department's Web Site at [www.insurance.mo.gov](http://www.insurance.mo.gov), or call to request a complaint form at 1-800-726-7390.

## Missouri Participates in Multi-State Settlement with UnumProvident Insurers

### *Insureds May Have Right to Have Claim Reassessed*

The Missouri Department of Insurance announced that UnumProvident Corp. and certain subsidiaries have agreed to a multi-state settlement requiring the company to change their practices as they relate to claims handling and marketing of insurance policies. The subsidiaries involved in the settlement are: Unum Life Insurance Company of America, The Paul Revere Life Insurance Company, and Provident Life and Accident Insurance Company.

Among the stipulations contained in the settlement agreements, is the payment of a \$15 million fine to the participating states and divided pro-rata based upon the long-term disability income insurance premium in each state as of December

31, 2003. Missouri's portion of this fine, to be used for the benefit of Missouri schools, totals approximately \$328,000.

The settlements require UnumProvident to offer, in writing, reassessment of claims denied or closed since January 1, 2000 for reasons other than settlement, death, or reaching benefit maximums. The company also must allow for reassessment of claims similarly denied or closed between January 1, 1997 and December 31, 1999; however, it is important to note that these claimants will not receive notice from UnumProvident and **must petition directly to the company** for reassessment. Claimants may learn more about this settlement by visiting UnumProvident's Web site at <http://unumprovident.com/>, or by calling the company's toll-free hotline at (877) 477-0964.

Also included in the settlements were requirements to implement the following measures:

1. Modify claims handling and benefit determination practices as specified by the agreements
2. Improve accountability and oversight of claims processes as specified in the agreements
3. Enhance corporate governance by expanding the Board of Directors by three members with insurance industry or regulatory experience

# History and Function

Missourians should live their lives and pursue their dreams safe from fear of an unaffordable loss. Any individual who takes reasonable steps to minimize the chance of financial loss should be able to purchase quality insurance at a reasonable cost and receive equitable settlement of claims.

The mission of the Missouri Department of Insurance (MDI) is to promote effective competition and to regulate where necessary so that consumers can make informed insurance purchasing decisions based on price and quality.

To accomplish that mission, the department strives to ensure that:

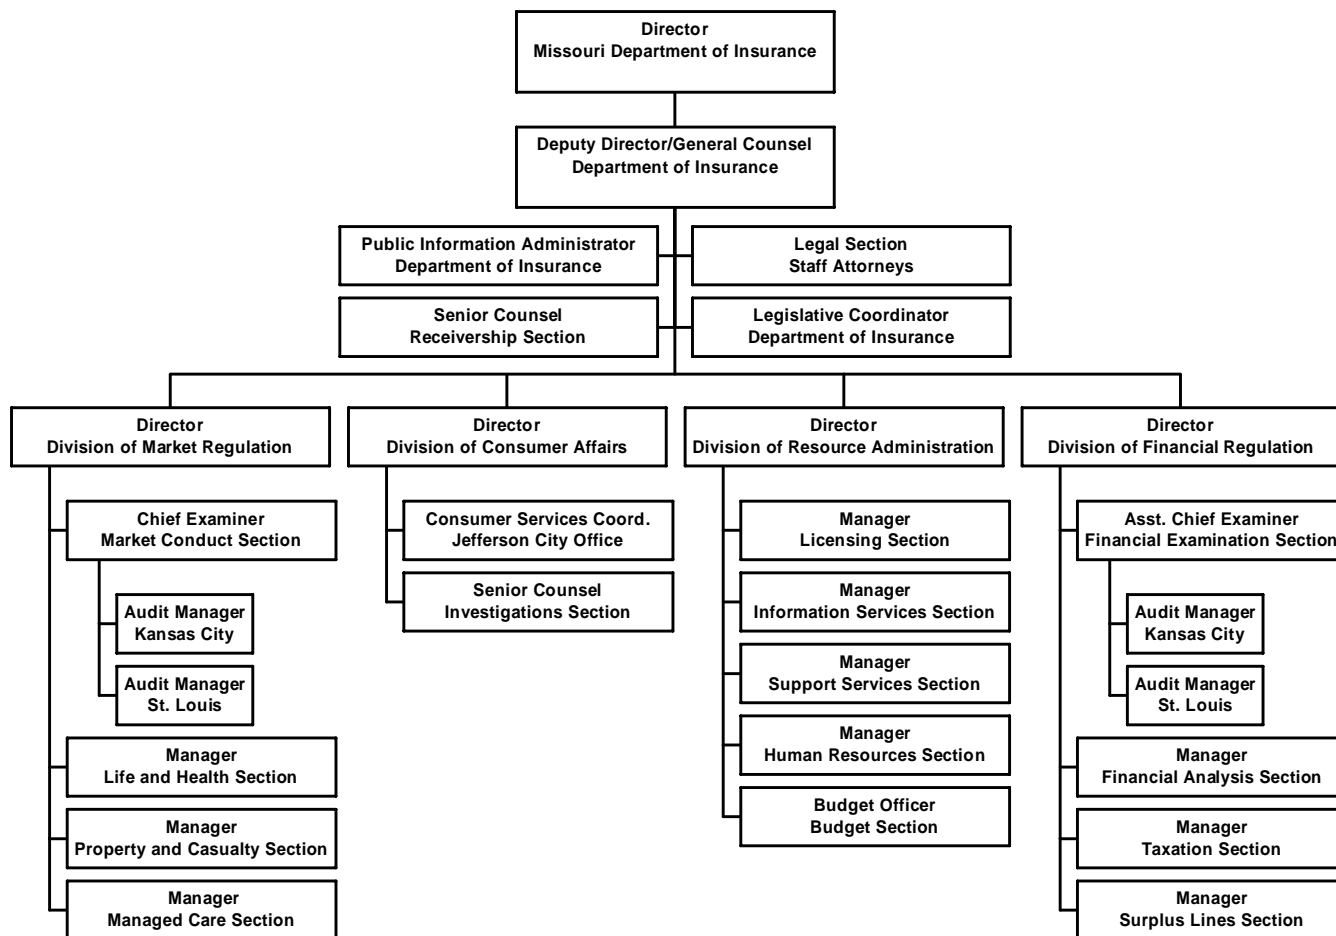

- Consumers get the benefits for which they paid.
- Insurance professionals are competent and trustworthy.
- Consumers have access to affordable and suitable coverage.
- Insurance companies remain financially solvent so that customers get their claim paid.

MDI was created by the Missouri legislature on March 4, 1869 to regulate the insurance industry. At that time, 171 insurance companies operated in the state with 51 domiciled here.

By the end of 2005, the insurance industry in Missouri had grown to 1,816 licensed insurance companies with 236 domiciled in the state (organized under Missouri law). The state also licensed 12,335 agencies and 96,611 “producers” (formerly agents and brokers).

The department was a division within the Missouri Department of Economic Development before June 30, 1991. The department then became a Cabinet-level agency based on a constitutional amendment passed by voters on August 7, 1990.

# Department Organizational Structure

# Department Directors

W. Dale Finke .....	March 2, 2005 to present
Douglas M. Ommen, Acting Director .....	Jan. 10, 2005 to March 2, 2005
Scott B. Lakin .....	March 15, 2001 to Jan. 9, 2005

Owen G. Jackson .....	Nov. 15, 1945 to Nov. 24, 1949
Edward L. Scheufler .....	Sept. 29, 1941 to Nov. 14, 1945
Ray B. Lucas .....	Jan. 10, 1939 to Sept. 29, 1941
F. P. Sizer, Acting Director .....	Jan. 3, 1939 to Jan. 9, 1939
George A. S. Robertson .....	Oct. 29, 1937 to Jan. 2, 1939
R. E. O'Malley .....	July 1, 1933 to Oct. 19, 1937
Jos. B. Thompson .....	March 10, 1929 to July 1, 1933
Ben C. Hyde .....	Oct. 1, 1921 to March 10, 1929
Alfred L. Harty .....	May 1, 1918 to Oct. 1, 1921
Claude Clark, Acting Director .....	March 5, 1918 to May 1, 1918
W. K. Chron .....	Sept. 1915 to March 5, 1918
Charles G. Reville .....	March 1913 to Sept. 1915
Frank Blake .....	Nov. 1909 to March 1913
John Kennish .....	March 1909 to Nov. 1909

W. D. Vandiver .....	April 1905 to March 1909
Robert G. Yates .....	Nov. 1902 to April 1905
Edward E. Yates .....	June 1902 to Nov. 1902
Thomas H. Wagner .....	Aug. 1901 to June 1902
Ed T. Orear .....	March 1897 to August 1901
James R. Waddill .....	March 1893 to March 1897
Christopher P. Ellerbe .....	March 1889 to March 1893
Alfred Carr .....	March 1885 to March 1889
John F. Williams .....	March 1881 to March 1885
William S. Relfe .....	March 1877 to March 1881
Celsus Price .....	July 1875 to March 1877
Francis P. Blair .....	Oct. 1873 to July 1875
William Selby .....	March 1873 to Oct. 1873
Miles Sells .....	June 1872 to March 1873
Willis King .....	March 1869 to June 1872

# Administration

## W. Dale Finke, Director

The governor appoints the department director with the advice and consent of the Senate. The director enforces the insurance laws and regulations of the state, sets policy, manages a staff of 217 full-time employees and oversees a fiscal 2006 budget of \$14.4 million.

The director's administrative staff includes the deputy director and general counsel, four division directors, legislative coordinator and public information officer.

The administrative staff assists the director with policy decisions, regulation, legislation, communications and departmental operations.

## Douglas Ommen, Deputy Director & General Counsel

The director appoints a deputy director to assist in the administration and execution of laws related to insurance.

The deputy director also serves as general counsel, providing legal advice to the director and supervising the enforcement attorneys. The enforcement staff represents the Consumer Affairs Division in disciplinary matters before the director and the Missouri Administrative Hearing Commission and represents the director in circuit court in civil enforcement actions. Attorneys in the office of the general counsel conduct hearings on behalf of the director on regulatory matters brought by the Financial Regulation and Market Regulation Divisions, on the acquisition or merger of insurance companies and on proposed regulations and licensing actions against insurance companies.

## Receiverships

The Receivership Section, within the office of general counsel, assists the director with his receivership responsibilities. In addition, the director may appoint a special deputy receiver for any company in receivership. When such a deputy is appointed, the deputy has all the powers of the receiver.

The director of the Missouri Department of Insurance serves as the receiver of every domestic insurance company ordered into rehabilitation or liquidation by a Missouri court. A rehabilitation order empowers the director to act in place of the officers and directors of the company to restore the financial viability of the company. When that cannot be accomplished, the director applies for a liquidation order and begins the process of collecting all of the outstanding claims against the company and all of its assets. Once this is done, the assets are distributed to the claimants pursuant to a statutory priority scheme. Companies that covered commercial property liability through occurrence policies and companies that issued medical malpractice or workers' compensation policies typically remain in liquidation longer because the extent of the claims liabilities cannot be known until the claims develop over the

course of a number of years. Reinsurance for those claims cannot be collected by the liquidator absent sufficient claims development. Litigation against a liquidating company will also slow the progress of its liquidation.

No new receiverships were opened in 2004, though Casualty Reciprocal Exchange and Equity Mutual Insurance Company, previously in rehabilitation were ordered into liquidation. The liquidation of Washington Security Life Insurance Company ("WSLIC") was closed and the company is dissolved. WSLIC was not insolvent. It was liquidated at the request of its owners because liquidation is the only way to dissolve an insurance company in Missouri. The 14 companies remaining in receivership are listed below. Questions related to these companies should initially be directed to the special deputy receiver. Where no special deputy is shown, inquiries may be made of the Receivership Section at (573) 522-6115 or mailed to Missouri Department of Insurance, c/o Receivership Section. Additional information concerning receiverships may be found at: <http://insurance.mo.gov/companies/receiv.htm>

**BEL-AIRE INSURANCE COMPANY (Liquidation-7/15/93)**

Circuit Court of Jackson County / Case No. CV94-3318 / Judge Peggy Stevens McGraw  
Karl Zobrist, General Counsel

**State Guaranty Funds**

When an insurance company fails, the guaranty funds in the various states may be required to pay its policyholder claims up to statutory limits set out in the state's statutes. In Missouri, the Missouri Property and Casualty Insurance Guaranty Association and the Missouri Life and Health Insurance Guaranty Association, collectively the Missouri Insurance Guaranty Association (MIGA) are financed through assessments against insurance companies licensed to do business in Missouri. Those assessments may later be offset against premium taxes owed by the companies to Missouri. MIGA protects covered claims of life and health policyholders for up to \$300,000 in individual life insurance death benefits (but not more than \$100,000 in cash surrender and net cash withdrawal values) and up to \$100,000 of health insurance or annuity benefits, subject to maximums of \$300,000 in the aggregate in benefits for any one life. In general, MIGA is obligated to pay the full amount of covered claims for workers compensation benefits; up to \$25,000 per policy for covered claims for the return of property and casualty policy premium; and amounts not exceeding \$300,000 per claim for all other covered property and casualty claims. The legal definition of "covered claim" is complex and qualified. Consumers relying on guaranty fund coverage of policy claims should seek qualified advice concerning the many exceptions to and limits upon guaranty fund coverage. MIGA is located at 994 Diamond Ridge, Suite 102, Jefferson City, MO 65109. Phone: (573) 634-8455. E-mail: MIGA@moiga.com.

# Consumer Affairs

## Mary Kempker, Director

Consumer complaints made to the Consumer Affairs Division reflect the health of Missouri's insurance markets. Solid insurance companies use straight-forward sales practices and settle claims fairly. Through the handling of complaints, Consumer Affairs detects any trends toward unfair practices and works to take action against them to ensure Missouri's consumers are protected. This division strives to help consumers get the benefits for which they paid, from insurance professionals that are both competent and trustworthy.

The Consumer Affairs Division contains the consumer services and investigations sections. The Consumer Services Section assists the public in resolving complaints, provides information on insurance policies and answers questions about consumer concerns. The Investigations Section handles similar types of questions and concerns about licensed insurance producers (agents and brokers), bail bond agents, public adjusters and insurance agencies. It investigates alleged acts of fraud and misconduct by examining unlicensed insurance activities and reviewing licence applications.

## Consumer Services

In disputed insurance claims, the Consumer Services Section staff acts as a liaison between the consumer and the company. Consumer Services recovered \$8.4 million for Missourians from insurance companies that denied claims, denied premium refunds or otherwise failed to meet their legal obligations to the consumer. In 2005, consumer specialists handled 4,467 formal complaints against insurance companies and administrators and 34,648 requests for information.

The Consumer Services Section staff assists the public with general information on insurance companies; health services corporations, HMOs and third party administrators. Consumers may obtain information from MDI about a company's financial status, license status, complaint record and other insurance-related information. Thousands of consumers contact MDI each year for answers to insurance questions. In calendar year 2005, Consumer Services Section assisted 31,938 persons over the telephone and 191 persons that walked into the department's office.

Thirteen people operate the Consumer Services Section in Jefferson City. The department provides a nationwide toll-free number, 1-800-726-7390, to assist consumers and a TDD line for the hearing impaired, 573-526-4536.

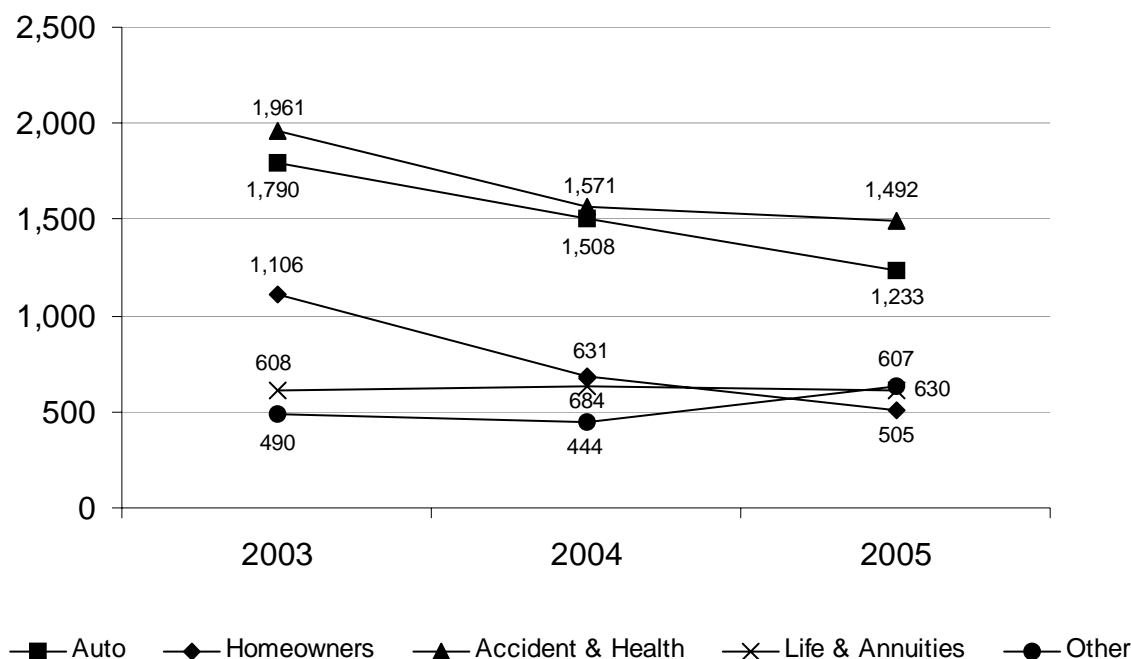

Since 1994, MDI can retain an independent physician to review a health insurer's refusal to pay for care. CIMRO, a contracted provider, provides the reviews. Any decision by CIMRO is binding. Independent reviews are available for health plans with a managed care component and for adverse decisions on setting a level of care, medical necessity, effectiveness and/or appropriateness of care.

Statistics are produced on each insurance company's complaints, which become one criterion for setting market conduct examination priorities.

Statistics are produced on each insurance company's complaints, which become one criterion for setting market conduct examination priorities.

The Community Leaders Assisting the Insured of Missouri (CLAIM) program provides senior health insurance counseling under contract with MDI. It uses federal grant money and state general revenue through the Department of Health and Human Services to offer counseling on Medicare and other insurance using volunteer counselors. CLAIM has 200 active volunteers and a toll-free hotline, 1-800-390-3330.

**Consumer Complaints by Line of Insurance, 2003-2005**

## Investigations

The Investigations Section handles complaints from consumers against insurance producers, bail bond agents and public adjusters. The staff also investigates unlicensed insurance activities and reviews license applications. Investigators assist other state and federal agencies in cases that overlap with insurance issues, such as banking, securities and other financial services. During 2005, the Investigations Section handled 707 complaint files relating to licensees, unlicensed activity and license applications.

Of nine investigators, one handles complaints relating to insurance purchased over the Internet. Persons selling insurance business over the Internet are required to comply with the same laws as any producer or other licensee doing business in Missouri. Another investigator handles complaints against title insurance producers and companies.

Although MDI is not a law enforcement agency, the Investigations Section reviews reports of insurance fraud submitted by insurance companies and consumers, referring cases to other state regulatory agencies on their licensees and forwarding cases for possible prosecution. Insurance companies and consumers submitted 661 reports of insurance fraud in 2005.

# Financial Regulation

## Kirk Schmidt, Director

The Financial Regulation Division monitors the financial condition of all domestic (Missouri-domiciled) and foreign (non-Missouri based) insurance companies operating here. To do so, the division conducts financial examinations of domestic insurance companies and analyzes the financial condition of all companies licensed to sell insurance in Missouri. The division tries to prevent insolvencies of domestic companies and takes appropriate action against any financially unsound companies to protect policyholders and taxpayers. In 2005, no Missouri-based insurers were declared insolvent. The division also accounts for premium taxes and filing fees due Missouri and for insurance companies' deposits held to benefit policyholders. The division includes the financial examination, financial analysis, taxation and surplus lines sections.

## Financial examination

The Financial Examination Section enforces standards set by Missouri statutes and the National Association of Insurance Commissioners (NAIC).

The insurance director can call for an examination of licensed insurers whenever necessary. The Financial Examination Section works with financial analysts to determine each company's examination priority; however, the department examines most of Missouri's 236 domestic insurance companies at least every three years except for Missouri's 119 county or farm mutuals, which are on a five-year schedule.

The chief examiner sets schedules for all examinations with the support of an assistant chief examiner and two audit managers. The financial examiners follow generally recognized examination procedures under Missouri and NAIC standards. Examination findings are set forth in a public report filed by the director as a public document and available at the department's Web site.. If a company violates statutes or regulations, the division acts to assure that the company complies and continues to follow Missouri insurance laws.

A separate fund pays for the cost of examinations, including examiner salaries. The companies examined reimburse the fund for costs.

## 2005 Financial Examinations

In 2005, the section completed 50 financial examinations on companies

Patrons & Farmers Mutual Fire Insurance Company of Cass County	01/13/05

Generali USA Life Reassurance Company	12/31/05

## Financial analysis

The Financial Analysis Section monitors the solvency and legal compliance of all domestic and foreign insurance companies doing business in Missouri.

The analysts review the financial and operational information provided by insurers to evaluate a company's financial condition. The analysts also use established financial ratios to detect financially distressed or insolvent companies. This detailed review occurs annually and quarterly. Based on this analysis, priorities for financial examinations are set, or additional regulatory action is taken, such as administrative supervision or monthly monitoring.

The analysts recommend action on proposed business transactions by Missouri-domiciled companies and evaluate mergers and acquisitions, payment of dividends and other proposed transactions for financial and operational impact.

This section also participates in the NAIC Financial Analysts Working Group, which monitors financially distressed companies at the national level. This participation includes reviewing protective actions by domiciliary states and determining their impact on Missouri consumers.

Other duties performed by the analysts include:

- Review and evaluation of financial information on the applications of foreign companies for a Missouri license.
- Review of examination reports submitted by foreign companies. This review serves as an additional tool for the regulatory surveillance of foreign companies.
- Recommendation and participation in administrative action against insurers.
- Provide detailed information to parties interested in forming new insurance companies.

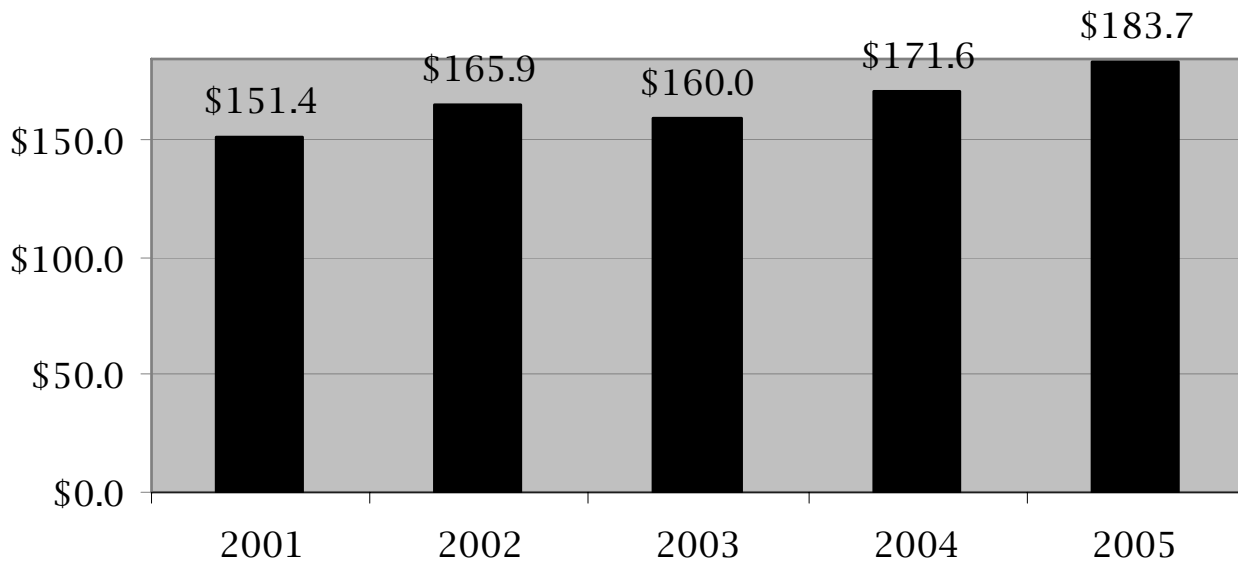

The Financial Analysis Section also controls joint deposits required by Missouri law as security for policyholders. The securities are in contracted bank accounts or safety deposit boxes. The securities must be eligible for deposit under Missouri law. Security balances are verified through financial examinations. The department held \$275.7 million in securities at the end of 2005.

## Taxation

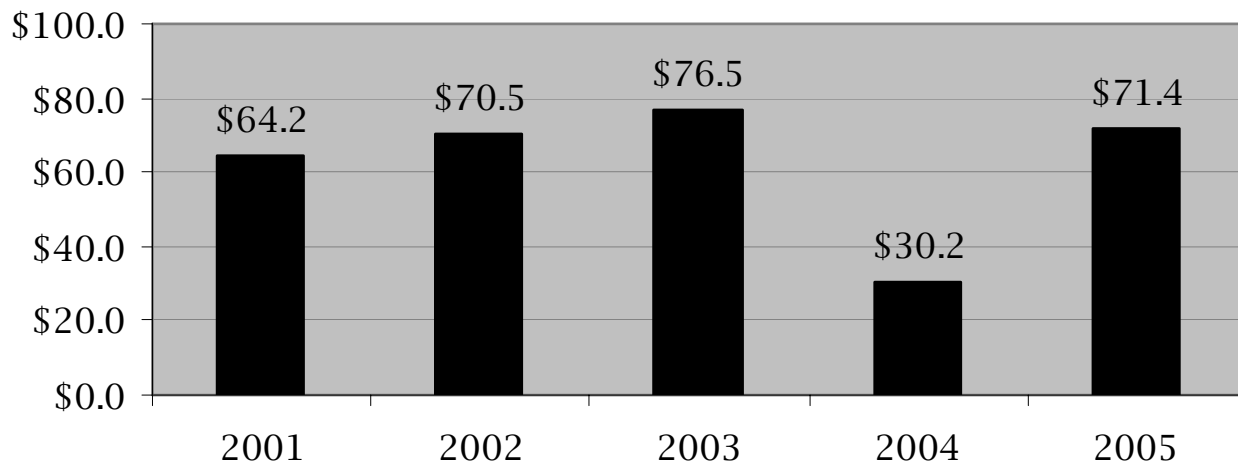

The Taxation Section audits and determines premium taxes, which insurance companies pay in lieu of income taxes. Annual tax returns are filed March 1 for the previous year's business. After auditing the returns, MDI certifies to the Missouri Department of Revenue the tax due from each company.

The Missouri premium tax rate is 2 percent. Thirty-six states have a rate of 2 percent or greater. For 2005, the total premium taxes certified for collection was \$183.7 million compared to the 2004 tax collection amount of \$171.6 million. Besides premium tax, insurance companies paid workers compensation tax for 2005 of \$2.4 million.

**Missouri premium tax collections, 2001 - 2005**  
(millions)

**Missouri Tax Credits, 2001 - 2005**  
(millions)

Insurers may reduce their taxes, dollar for dollar, by claiming credits for examination fees, income taxes, franchise taxes, health pool assessments, personal property taxes, insurance guaranty association assessments and other spending ranging from domestic violence to historic preservation to low-income housing spending. The total credits allowed in 2005 were \$71.4 million, up from \$30.2 million for 2004, primarily because companies have 2 years from the last date of payment to revise credits.

Missouri law also allows deductions from direct premium totals for dividends, returned premiums, group health benefits paid and premiums on annuities. Deductions for group health benefits paid in 2005 totaled \$1.8 billion, while deductions for annuities were \$3.6 billion.

The Division of Workers Compensation within the Missouri Department of Labor and Industrial Relations determines the rates for the workers compensation administrative tax, Administrative surcharge and the Second Injury Fund surcharge. In 2005, the workers compensation tax rate was set at zero percent. The Second Injury Fund surcharge was four percent for 2005, and the Administrative surcharge began in 2004 with the same tax rate as the workers compensation tax rate of zero percent.

Certified Taxes for 2004 and 2005		
	2004	2005

<b>Total premium Tax &amp; Workers' Compensation Tax</b>	<b>\$192,142,534</b>	<b>\$186,205,985</b>

## Surplus Lines

The Surplus Lines Section regulates the placement of policies and collection of premium taxes on business written in the non-admitted market known as surplus lines. The non-admitted market consists of unlicensed insurers that are eligible, based on financial criteria, to write coverage not available in the general commercial market. The Missouri Property and Casualty Guaranty Association does not cover these companies, and they are not subject to the usual supervision of the Missouri Department of Insurance.

Section 384.043 RSMo permits any individual producer (agent) holding a property and casualty license in Missouri to hold a surplus lines license. The Surplus Lines Section tracked 761 licensed producers, 271 Missouri residents and 490 non-residents in 2005.

Surplus lines licenses must report all placements within 30 days of procurement. Licensees filed 57,069 availability forms in 2005. Each licensee must file an annual tax report by March 1 each year on all surplus lines transactions the previous year. A 5 percent surplus line premium tax is due by April 15. Any policyholder or self-insurer in Missouri that buys coverage direct from a surplus lines carrier owes the same tax.

Surplus lines premium tax collected in 2005 totaled \$24.3 million. Substantial growth has occurred over the last few years because of the hardening of the market and reluctance of licensed carriers to write marginal and high-risk coverage.

Surplus Lines Premium Tax Collection		
Tax Year	Filings	Taxes Paid
2001	42,974	\$9,764,589
2002	45,248	\$13,021,222
2003	49,034	\$19,753,469
2004	55,536	\$23,524,074
2005	57,069	\$24,317,925

The list of insurers eligible to write surplus lines coverage in Missouri is published twice a year and included in this report. The MDI Website is updated as changes occur, and related surplus lines forms and licensing applications are available at <http://www.insurance.mo.gov/industry/surplin/index.htm>.

## Admissions

The Admissions Section licenses all types of insurance companies that conduct business in Missouri.

At the end of 2005, MDI licensed 1,816 insurance companies held licenses with MDI. The Admissions Section receives four to six new admission applications each month. After financial and policy analysts approve the financial health and proposed company forms, the Admissions Section issues certificates of authority to do business in Missouri. The section tracks licensed companies' compliance with all financial filing requirements and payment of all filing and renewal fees.

This section tracks the history of a company — from its licensure in Missouri to the present — to give policyholders and the public information on its status, including any name changes, mergers, acquisitions, redomestications, address changes, assumption of business or changes to companies' certificates of authority, articles of incorporation, bylaws, officers and directors. The Admissions Section monitors company status on liquidations, receiverships, rehabilitations and suspensions or revocations of their certificates of authority in Missouri and in their domiciliary states.

2005 Company Changes	
32	New admitted companies
24	Redomestications
26	Mergers
32	Name changes
7	Assumption of business
20	Amendments to certificate of authority by adding or deleting lines of business
7	Suspended certificates of authority
7	Revoked certificates of authority
24	Withdrawn certificates of authority
2	Suspended certificates of authority lifted
23	New admitted third party administrators

# Market Regulation

## Linda Bohrer, Director

The Market Regulation Division monitors the conduct of companies by often reviewing insurance contracts before they are marketed to the public and by analyzing and examining companies' marketing and claim handling processes. This division works with insurance company compliance offices to strengthen internal compliance systems. The division has four sections: market conduct, life and health, property and casualty and managed care.

## Market Conduct

The Market Conduct Section performs field examinations of life, accident and health, property and casualty insurance companies, title companies, health maintenance organizations, health service corporations, third party administrators and statistical reporting agencies. These examinations try to ensure equitable treatment of Missouri policyholders and compliance with Missouri statutes and regulations on:

- Licensing of insurance producers
- Marketing and advertising practices
- Company rates, rating policies and procedures
- Underwriting
- Policy forms
- Claims handling
- Complaint handling
- Unclaimed property

During 2005, the Market Conduct Section completed examinations of 76 insurance companies. Some companies were required to make restitution to consumers, either by refiguring claims or re-evaluating the policy premiums. In 2005, the total recovered for consumers was \$3,271,309.91. Some companies were ordered to pay forfeitures (fines) totalling \$1,755,714.73 payable to the Missouri State School Fund.

Market conduct examinations also ensure compliance with nationwide settlements, whether through the federal courts, federal agencies, another state's insurance department or mutual agreements.

Three methods are used to conclude examinations:

The insurer signs *settlement agreements* and pays fines when the examination finds errors that exceed tolerance ranges established by the NAIC (a 10 percent tolerance level for underwriting errors and 7 percent for claims handling). The department issues monetary penalties based on prior violations or the severity of new findings.

## 2005 Market Conduct Closed Exams

<b>Total</b>	<b>\$3,271,309.91</b>	<b>\$1,755,714.73</b>

A *cure order* is issued when MDI conducts an examination and finds errors that exceed the tolerance levels, but are not serious enough to merit fines. The order requires the company to “cure” the violations in the report.

A *filing order* is issued when MDI has conducted an examination and found no violations that exceed acceptable tolerance ranges established by the NAIC.

## Statistics

In 2003, the free-standing Statistics Section became part of MDI's market conduct operations, reflecting the integral role that in-office market analysis plays in targeting market conduct exams to those companies most likely to have mistreated consumers. A 2003 U.S. General Accounting office report cited Missouri as the only state with a full-fledged, mature market analysis program and urged other states to adopt that approach.

The statisticians assemble and use databases, publish reports on insurance markets in Missouri and monitor the availability and affordability of insurance coverage in Missouri.

The following reports are prepared annually:

**Complaint Index Report:** complaints filed against Missouri insurers during the past three years. Companies are categorized by line of business and type of complaint. Company performance is compared to the Missouri industry average.

**Market Share Report:** market data for the top 35 firms and insurance groups, including historical trends, for each line of business.

**Homeowners Insurance Report:** Zip Code-level premium and loss data for homeowners insurance in Missouri. Data is presented by demographic groups and geographic regions for the decade ending in the latest data year.

**Private Passenger Automobile Report:** 10 years of Zip Code-level premium and loss data.

**Medical Malpractice Report:** data on financial performance and claims filed and closed. Includes information on claim frequency, loss ratios by company and type of insured, average dollar settlements, litigated claims, average time to close claims and other trends in medical malpractice.

**Real Estate Malpractice Report:** a 10-year summary by area of real estate for filed claims, major activity responsible for alleged error or omission, most significant reasons for claims, years of real estate experience for the insured and relationship of the insured to the claimant.

**Legal Malpractice Report:** 10 years of data presented by area of law for the insured, major activity responsible for alleged error or omission, most significant reasons for claims, legal disposition of claims, number of years in practice by insureds and relationship of insured to the claimant.

**Product Liability Report:** aggregate claims analysis for three years of data. Included are indemnity paid per claim, average loss expense, average initial reserve, average time to close claims, business classification loss experience, product indemnity analysis and resolution, and expense of litigated claims.

**Life, Accident & Health Supplement Data Report:** information on all life and non-HMO health insurers, health service corporations and fraternal companies licensed to operate in Missouri. The data include detailed financial and premium information by company, by line of business, market share, life insurance in force and health benefits ratios.

**Mortgage Guaranty Insurance Report:** data for more than two decades for both residential and commercial lines of mortgage guaranty insurance. The data include earned premium by company, losses paid, outstanding claims reserves, IBNR reserves, contingency reserves, loaded loss ratios and true loss ratios.

**Property & Casualty Supplement Report:** data on written premium, loss ratios, and other information for all property and casualty insurers licensed in Missouri for all major lines of business.

The section also maintains the following databases:

**Missouri Zip Code Insurance Data for Homeowners/Dwelling Fire, Farmowners, Mobile Home, Earthquake Endorsements, and Private Passenger Automobile:** Missouri law requires insurers writing personal lines insurance to file data by zip code, including exposures written, premium written, loss paid count and losses paid. Data is collected on an annual basis.

**Medicare Supplement Experience Data:** since 1982, companies writing Medicare supplement insurance have reported their experience by policy number. Included are annual premium and loss experiences.

**Commercial Liability Experience Data:** the database provides information on companies writing commercial liability insurance, including a profitability report and a summary of the claims, closed and outstanding, for specific commercial lines of insurance.

## Managed Care

The Managed Care Section oversees the activities of HMOs, reviews company applications for new certificates of authority or service area changes and analyzes trends in activities of Missouri HMOs. Missouri had 23 licensed HMOs at the end of 2005. Of 115 Missouri counties, 108 are part of an HMO service area that allows the HMO to sell coverage. (The exceptions are Bollinger, Cape Girardeau, Marion, Mississippi, Scott, Shelby and Stoddard.) Every county in Missouri has some HMO enrollment. HMO penetration remains highest in the Kansas City and St. Louis areas.

The Managed Care Section reviews quarterly utilization, cost and enrollment data from all active HMOs to ensure health care services are provided to Missouri enrollees. The information filed by HMOs allows MDI to track activities such as pharmaceutical costs, enrollment demographics, utilization of basic services, per-member-per-month costs and managed care penetration in Missouri. The Managed Care Section uses this data and financial statements to publish the HMO Annual Report.

All HMOs must file annual network plans to ensure that enrollees have timely access, within reasonable traveling distance, to health care providers that they must use. The access plan also

must include written documentation on each HMO's procedures in eight areas of network and plan operations. In 2005, the Managed Care Section reviewed 24 networks (some HMOs have multiple networks), and all eventually came into compliance with state standards.

Comprehensive information on Missouri licensed HMOs is available in the HMO Annual Report on MDI's Web Site at <http://www.insurance.mo.gov/reports/hmo/index.htm>.

## Life & Health

MDI must pre-approve any life or health insurance policy form that an insurer uses in the state. This prior-approval requirement extends to all group or individual insurance policies or annuity contracts issued in Missouri by any insurer, health service corporation, fraternal benefit society, prepaid dental plan or HMO.

Missouri does not require filing or prior approval of rates for life and health insurance policies, except long-term care and Medicare supplement (Medigap) policies. In 2005, there were 10 Medicare Supplement Plan types (A through J, plus a high deductible option for Plan F and Plan J). In 2006, as a result of the Medicare Modernization Act of 2003 (MMA), Plans K and L were added and the prescription drug coverage was dropped from the plans issued after January 1, 2006. These Medicare supplement policy forms require substantial disclosure to consumers about the coverage available. Federal and state laws require Medicare supplement policies to return benefits equal to at least 65 percent of the premium collected of the lifetime of the policy. The Life and Health Section approves these policies, related forms, rates and advertising.

Under Missouri's long-term care insurance law, the Life and Health Section reviews these policies to verify that rates are established *in accordance with actuarially sound principles and that rates are determined in accordance with long-term care regulations*.

Credit insurance rates are reviewed only if the insurers propose rates that exceed those in law or use rating methods different from the legal standard. The Life and Health Section monitors these deviations to maintain compliance with legal loss standards.

The Life and Health Section also assures that insurers offering health coverage to Missouri's small businesses comply with the Small Employer Health Insurance Availability Act. Missouri has 35 - 40 companies registered as carriers for employer groups of three to 25 employees. This law, together with the federal Health Insurance Portability and Accountability Act (HIPAA) of 1996, provides protection to smaller employers. Although federal agencies enforce the HIPAA law in Missouri, MDI monitors compliance, fields complaints from consumers and advises federal regulators on problems. Missourians consequently benefit from whichever provisions of state or federal laws are more favorable.

The Life and Health Section approves registration applications of utilization review agents that evaluate the appropriateness and necessity of services. The section also processes renewal applications for the 123 active utilization review agents in Missouri.

## Property and casualty

The Property and Casualty Section reviews forms, endorsements, rules and premium rates for auto, homeowners, workers compensation, medical malpractice, other personal property lines and commercial property and liability coverage.

Missouri has an open-competition regulatory system known as “use and file” that does not involve rate approval. For most lines, companies are required to file the rates they are using within 10 days *after* their use. Workers compensation insurers must file rates within at least 30 days.

### Workers compensation

The Missouri General Assembly changed the regulatory environment for most workers’ compensation insurance rates on January 1, 1994, when the state made a transition from a “prior approval” system, wherein the Department of insurance set the rates charged by insurance companies, to a “competitive rating” system, wherein voluntary market insurers set their own final premium rates. Under the new system, each year, both the Department and the National Council on Compensation Insurance, Inc. (NCCI) provide insurance companies with guidance as to what insured losses and loss adjustment expenses are likely to be in the coming calendar year. To these “advisory loss costs” insurance companies add other amounts to cover commission payments, overhead, taxes, profits and contingency to develop their final premium rates.

Loss data for Missouri’s workers’ compensation system indicate that overall losses have remained relatively stable since 1991. While steadily rising medical costs and wage inflation continue to increase the overall cost of workers’ compensation claims, those increases have been offset by reductions in the number of claims filed, or claim frequency, over the same period.

In contrast, since competitive rating was introduced in 1994, workers’ compensation premium rates have fluctuated dramatically. Following the market reforms in 1993, premium rates steadily declined throughout the mid to late 1990’s, stabilizing around the year 2000. Workers’ compensation rates rose again in 2002 and 2003. However, in recent rate cycles, rates are once again stabilizing and, in fact, are decreasing slightly. Given the general stability in losses, the premium fluctuations are due in large part to the competitive pressures inherent in Missouri’s “competitive rating” environment.

### Residential property insurers

Residential property insurers are required to file their underwriting guidelines, which gives the department an opportunity to monitor how an insurer treats the insurance-buying public.

With its “use-and-file” rate regulation, the department monitors rates by reviewing premium volume, market share, loss and expense experience, investment income, profitability, inflation trends, historical data and other criteria.

This section also has oversight of rating and statistical organizations and joint underwriting associations, such as state pools established to provide coverage for those who cannot obtain insurance in the commercial markets. The pools include: automobile insurance through the Missouri Joint Underwriting Association; dwelling insurance through the Missouri Property Insurance Placement Facility (FAIR Plan); and the Workers Compensation Assigned Risk Pool.

## Medical Malpractice

On August 28, 2005, the provisions of HB 393 became effective making significant litigation and malpractice reforms. This tort reform bill puts new limits on joint and several liability by applying this liability only to defendants 51 percent or more at fault. It restricts venue shopping by only allowing actions to be brought in the county where the action occurred or the plaintiff was injured. It also places new limits on punitive damages by limiting an award to the greater of \$500,000 or five times the net amount of the judgment awarded to the plaintiff against the defendant. Supporters of these liability reforms believe that these changes will hold down escalating medical malpractice premiums in Missouri, encourage more health care professionals to practice in our state and improve access to health care for Missouri's consumers.

# Resource Administration

## Rochelle Hendrickson, Director

The Resource Administration Division is responsible for the department's support functions. It manages the department's budget, accounts payable and receivable, employee policies and procedures and information technology advancements. Resource Administration is also charged with the task of licensing Missouri's insurance producers. To ensure that these professionals will be of competent service to Missouri's consumers, the division thoroughly reviews applications, administers testing and verifies continuing education credits. The division includes the licensing, budget, support services, information systems and personnel sections.

## Licensing

The Licensing Section reviews and processes applications from individuals and businesses for seeking licensure to transact insurance business in Missouri. During 2005, the Licensing Section handled 54,138 phone/e-mail inquiries from the public, industry, other state insurance departments and other state agencies.

### Licenses issued in 2005

	New Licenses	Renewed Licenses
Producers	22,563	33,389
Business entity producers	1,241	4,987
Surplus lines producers	176	491
Public adjusters	15	53
Public adjuster solicitors	2	9
General bail bond agents	11	72
Bail bond agents	179	683
General bail bond corporations	6	50
Surety recovery agents	6	-
Certification letters issued to licensees applying in other states		11,901
Clearance letters issued to licensees moving to another state		366
Insurance examinations administered by contract		11,962

Total Number of Licenses as of December 31, 2005			
Producers	96,611	General bail bond agents	80
Business entity producers	12,335	Bail bond agents	800
Surplus lines producers	646	General bail bond corporations	54
Public adjusters	60	Surety recovery agents	13
Public adjuster solicitors	10		

## Budget

The fiscal year 2006 appropriation for the Missouri Department of Insurance was \$14.4 million with 217 employees. The department receives no general revenue support.

Of the total budget, \$6.6 million was financed by the Insurance Dedicated Fund through licensing and other user fees; \$7.2 million from the Insurance Examiners Fund through billings to audited insurers; and up to \$600,000 from a federal grant by the U.S. Department of Health and Human Services for senior insurance counseling provided under contract with the not-for-profit CLAIM Program.

## Information systems

The Information Systems Section establishes and supports systems, services, policies, procedures, and rules related to computer and other technologies that help satisfy the critical achievement requirements of technology users throughout the department.

Additionally, the Information Systems Section fulfills the traditional data processing mission of providing a dependable, efficient and secure computing infrastructure while acting as stewards for the department's data and information environment. This environment consists of mainframe and mini computers, local-area networks, and wide-area networks supporting over 200 employees.

Recent accomplishments include:

- Completed Internet deployment of systems for Electronic Licensing of Non-resident Producers through the NAIC's NIPR system.
- Implemented data systems in support of new legislation, including:
  - HB 1182 – Use of Agriculture Tax Credits as Payments against Quarterly Assessments
  - SB 1122 – Licensing of Surety Recovery Agents & Pre-licensing for Bail Bond Agents
  - Developed system for Deductible Option Surcharge Invoicing
- Implemented or upgraded office automation systems to improve productivity, including:
  - Financial Exam Tracking System implemented
  - Revised Intranet page with new functionality and improved communication tools
  - Added new functionality to automated Leave Request and Timesheet system.
- Implemented and upgraded several Internet & eGovernment offerings including:

- Listing approved Initial Basic Training Providers
  - Published MO Uniform Application for Miscellaneous Individual/Corporate License Premium Tax FAQs
  - Published Spanish version of Teen page
  - Added consumer “glossary of terms” to website
  - Added links for on-line Continuing Education forms
  - Credit Insurance Experience Report added to MDI Web site
- Upgraded computing infrastructure to improve Disaster Recovery processes, including:
    - Purchased three hardened security cases for offsite storage of media and documentation for Disaster Recovery.
    - Upgraded Backup software to ensure timely and complete backup of programs and data
  - Education and training of Information Systems employees in personal computing support, networking, database management and Internet/intranet product sets. Sessions included a combination of computer-based training and instructor-led classes available at the Missouri Technical Training and Education Center (MOTEC).

## Support services

The Support Services Section administers the receipt and spending of state funds along with the support functions, including accounts payable, accounts receivable, procurement, mailroom and store-room, inventory and the department fleet.

About \$44.2 million was collected in calendar 2005 for filing fees, licensing fees, regulatory fees, excess lines of insurance, forfeitures (fines), examiner billings and assessments, and miscellaneous receipts.

2005 Revenue	
Producer	\$5,345,290.00
Business license	1,120,525.00
Regulatory fees	1,718,124.49
Filing fees	846,646.00
Certification/clearance letters & late licensing fees	601,590.00
Refunds	11,079.53
Miscellaneous receipts	2,206.69
Vendor refunds	373.48
Unclaimed Property	4,481.53
Excess lines insurance tax	24,929,502.26
State School Fund	1,711,247.73
Exam Recovery Fund	7,825,501.83
State Employee Reimbursement	478.00
<b>Total:</b>	<b>\$44,117,046.54</b>

## Personnel

The Personnel Section administers employee pay and benefits, develops and implements employee policies and procedures, recruits applicants and trains employees.

Although MDI is not a state "merit-system" agency, department employees have titles and salaries based on a statewide classification and pay system under which job classifications are assigned to pay grids.

State employees receive a benefit package valued at an additional 43 percent of their salary. Benefits include state-subsidized health insurance, dental and vision insurance, life insurance, disability insurance and workers compensation coverage. After five years of employment with the state, employees become vested in a defined benefit retirement plan. Employees earn sick and annual leave each pay period and are paid for 12 annual holidays. Employees can participate in an invested deferred compensation plan. The state also offers a cafeteria plan for tax-free reimbursement of medical and daycare expenses.

# Insurance Companies

## **Number of Insurers by Type Companies Admitted in 2005 Companies Newly Approved for Surplus Lines in 2005 Companies Domiciled in Missouri**

### **Note:**

The data used to prepare this report was extracted from the NAIC (National Association of Insurance Commissioners) State Data Network. The correctness of this report is dependent upon the accuracy of the information contained in the annual statements filed by the insurers.

We have taken great care in seeing that all companies are included in this report; however, an omission may occur.

## NUMBER OF INSURERS BY TYPE AS OF DECEMBER 31, 2005

Type of Company	Licensed	Domiciled
Assessment	1	1
FAIR Plan	1	1
Foreign Fire	6	0
Fraternal Benefit	33	1
Health Maintenance Organization	23	19
Health Service Corporation	1	1
Life	551	33

# Definition of Terms

**Admitted Assets** - Assets whose values are permitted by state law to be included in the annual statement of the insurer.

**After Tax Net Income** - Net income from insurance operations, investments, and other sources less dividends to policyholders and taxes.

**Common Capital Stock** - The share of ownership in a corporation. A stock company would be considered a Stock Insurer. A Stock Insurer is an incorporated insurer with capital contributed by stockholders, to whom the earnings are distributed as dividends on their shares. A mutual company would be considered a Mutual Insurer. A Mutual Insurer is an incorporated insurer without incorporated capital owned by its policyholders. Although mutual insurers do distribute their earnings to their policyholders in the form of dividends, the term should not be used in a sense that makes it synonymous with participating. In most jurisdictions, a mutual insurer is free to issue nonparticipating insurance if it chooses and a stock insurer is free to issue participating insurance.

**Direct, when referring to premium or losses** - Describes the transaction between policyholder and the insurance company before reinsurance has been ceded and/or assumed.

**Direct Life Claims & Benefits Paid** - All benefits paid on life contracts and annuity contracts. Includes death benefits, matured endowments, annuity benefits, surrender values, and other claims.

**Incurred Losses** - Total indemnity costs of insured claims, including both sums already paid and estimates of those yet to be paid.

**Liabilities** - Money owed or expected to be owed.

**Loss Ratio** - Direct incurred losses divided by direct earned premium.

**Medical & Hospital Expenses** - Total expenditures for health care services.

**Missouri Premium Tax** - 2% tax on direct premium written (DPW) less allowable deductions and tax credits as per Missouri statutes. (Missouri Mutual companies: 1<sup>st</sup> \$1 million DPW is exempt, \$1 - \$5 million DPW at 1%, DPW over \$5 million at 2%)

**Net, when referring to premium or losses** - Describes the transaction between policyholder and the insurance company after reinsurance has been ceded and/or assumed.

**Net Accident & Health (A&H) Written Premium** - Amount charged when a policyholder contracts for accident & health insurance coverage after reinsurance has been ceded and/or assumed.

**Net Investment Gain** - Net income earned on investments. Includes interest, dividends, real estate income, and net realized capital gains.

**Net Life Insurance in Force (000's = in thousands)** - Value of life insurance in force at year end. Insurance in force from the previous year plus new contracts issued less contracts ceased during the year.

**Net Underwriting Gain** - Net income earned through actual insurance operations (premium earned less underwriting expenses, incurred losses, and loss adjustment expenses).

**Net Worth** - The amount by which assets exceed liabilities.

**Other Missouri Premium** - Health Maintenance Organization's (Missouri Medicare, Missouri Medicaid and Missouri Federal Premium).

**Outstanding Losses** - Net losses unpaid excluding loss adjustment expenses.

**Policyholder Surplus** - The amount over and above liabilities available for an insurer to meet future obligations to its policyholders. In the case of a mutual insurer, it is the whole equity section of the balance sheet. In the case of a stock insurer, the equity section is divided into two parts, stockholder's surplus and policyholder's surplus.

**Premium Earned** - The part of premium attributable to the coverage already provided in a given period (see definitions for net and direct).

**Premium Written** - Amount charged when a policyholder contracts for insurance coverage (see definitions for net and direct).

**Reserves (Life, Accident and Health)** - An amount representing actual or potential liabilities kept by an insurer to cover debts to policyholders.

**Reserves & Unassigned Funds** - The net worth portion of prepaid dental service corporation balance sheets.

**Securities on Deposit** - Capital deposit is required with the State of Missouri on domestic companies or otherwise approved by the director. Minimum deposits are: \$600,000 for life companies; \$800,000 for single line P/C companies; \$1,200,000 for multi line P/C companies; \$150,000 for group/staff model HMOs; \$300,000 for individual practice association HMOs; \$400,000 for title companies; and \$50,000 for prepaid dental service corporations. Par value as of 12/31 of the previous calendar year is published.

**Total Direct Premium & Annuity Considerations** - Amount charged when a policyholder contracts for life insurance coverage and contributions to annuities before reinsurance has been ceded and/or assumed.

**Total Net Premium & Annuity Considerations** - Amount charged when a policyholder contracts for life insurance coverage and contributions to annuities after reinsurance has been ceded and/or assumed.

**Unearned Premium** - Income received or booked in advance of the period to which it applies. A liability exists to render service in the future.

**Workers Compensation Tax** - 2% tax on workers compensation insurance direct premium written less allowable deductions and tax credits as per Missouri statutes.
